

BOOK BUNDLES

Free book service for the summer reading program

Would you love to be able to check out books for your little ones but just don't have the time?

When you visit the library are your arms just full enough with juggling the baby and toddler that checking out books gets put on hold?

Are you unsure about visiting a public place with the current health scenario?

If you would like hassle-free book check-out then this is the service for you!

Book Bundles are an opportunity to have 5 or 10 books chosen for your child by the Gering Library staff, checked out, and ready to be delivered to you curbside.

You can order a Book Bundle via phone, email, Facebook, or by texting Gabbie (our online library texting interface).

The surprise and anticipation of each Book Bundle will be just as rewarding for your child as the simple check-out is for you.
